Dear Mike,

Thank you very much for the great internal paint job you have just completed in our home.

Your preparation work was exceptional. well above the general standards in the painting industry of today, which was reflected in the quality finish of the job, in particular the finish to the timber work.

The job was done in a very professional manner from start to finish.

I appreciated how you kept us fully informed on a daily basis on the programme for each day.

It was a pleasure to have such reliable, trustworthy & honest tradesman in our home.

People have commented on the beautiful job. I have given your name to my daughter and friends.

Thanks again Mike for a job well done.

Regards

Malcolm Morison.
